GRAPPA DI CHARDONNAY 40°
Certified: Organic & Vegan

GRAPES
Chardonnay marc

AREA
Lison Pramaggiore

SENSORIAL FEATURE
Grappa is made from fresh marc from Chardonnay grapes from our company and are cultivated using strictly organic methods.
Marc is separated from the must with gentle pressing and then sent for distilling. This is the work of master distillers using precious copper steam pot stills to produce a young grappa with a crystal clear colour, delicate, intense and lingering bouquet with a smooth and well-orchestrated flavour.
